Deputy Commissioners Office
Kadur District
Dated Chickmagalur 8th June 1897

From.

The President
District Fund Board
Kadur District

To

The Secretary to Government
General and Revenue Departments.

Sir,

I have the honor to bring to the notice of Government that the question of supplying Sollélyle in the Koppa Taluk with good drinking water has long been under Correspondence.

2. To meet this want, an Estimate for ~~Rs~~ 884/. was sanctioned by Government for a well in Proceedings No 19597-8 dated £ 249·92
20th May 1893. The sinking of the well was carried out to a depth of 40 feet, but water not having been found even at that depth, it was thought advisable

to

to abandon it In all ~~Rs~~ 30 £. had however been spent on it

3 At present the villagers use the channel water running at one extremity of the village, which is objected to on Sanitary grounds, since the bulla passes through the Coffee Estates, and the water is defiled during the pulping season, to the serious injury to the public health.

4. The proprietors of the estates Concerned were asked, if they could not arrange to avoid pollution by diverting the soiled water into some lands about the pulping yard, and they replied that it was not possible for some of the proprietors to avoid pollution, except at a heavy outlay, by leading the water over the stream by a cross bridge at certain points and

And that for others the only outlet for the pulp water is the kulla itself, which must lower down their Estates.

5. The Executive Engineer states, that there is no other alternative but to sink Wells in Suitable localities, generally along the margins of water Courses, and that to draw the supply by means of a Channel from a point below the parts affected by the Coffee industry, is objectionable.

5. The District Board after Carefully Considering the Circumstances of the place, decided to allot a Sum of Rs 200/- out of Rs 3650/- sanctioned from Local Fund General in Government Order No: 4-D dated 13th November 1896, for sinking a trial well once more. I am glad to be able to state

57

Read - Letter No 808 dated 8th June 1897 from the Presdt D.F. Board of the Kadur circle submitting an estimate for Rs 842 for sinking a drinking water well at Sollebyle Koppa Tank ~~where the want of which is much felt~~ and proposing to meet the cost from the ~~grant~~ of Rs 10000 applied for from L.F. Cl in his letter No 800 dated 5th June 1897

—u—

And thereon—

The estimate received with the above is sanctioned To meet the cost a special grant of Rs 842 will be made from L.F. Cl.

2 The President is informed that the application for a grant of Rs 10000 is still under the consideration of Govt
